

**NEW**

Item no: **100166**

The **STR4-13V vehicle-mounted pump** features an 11.7 HP HONDA GX390 EFI engine and delivers impressive performance. Strong enough to operate as a source pump for tandem and parallel pumping, it is also optimal for direct attack firefighting, remote watering, sprinkler systems and is a popular choice for slip-on units.

The WATERAX quick release clamp provided on the STRIKER-4 pump lets you replace a damaged pump end in the field with minimal equipment downtime.

#### Flow rate at specified pressure

Maximum pressure: **310 PSI** (21.4 Bar)

Free flow: **118 US gals/min** (447 L/min)

Maximum head: **715'** (218 m)

Weight: **125 lbs** (57 kg)

#### Performance

Flow		Pressure		
US GPM	L/min	@	PSI	Bar
111	420	@	100	6.9
92	347	@	150	10.3
49.4	192	@	250	17.2

# STR4-13V

## HIGH-PRESSURE FIRE PUMP

### APPLICATIONS

- Attack line firefighting.
- Long hose lay for remote watering during firefighting operations.
- High elevation firefighting in mountainous areas.
- Accuracy in flow trajectory when structure fire fighting.
- Tandem pumping over long distances.
- Parallel pumping for higher volumes.
- Slip-on units.

### FEATURES AND BENEFITS

- Quick release clamp and swappable pump ends for minimal equipment downtime and inventory.
- Sealed bearing to eliminate pump end greasing in the field.
- Aluminum alloy volute and suction cover for light weight and greater resistance to corrosion.
- Composite corrosion-resistant pump components.
- Low oil pressure switch included.
- Belt drive system for reliable, low maintenance performance.
- EPA & CARB exhaust emission compliant.
- Comprehensive user and service manuals.
