

NEW

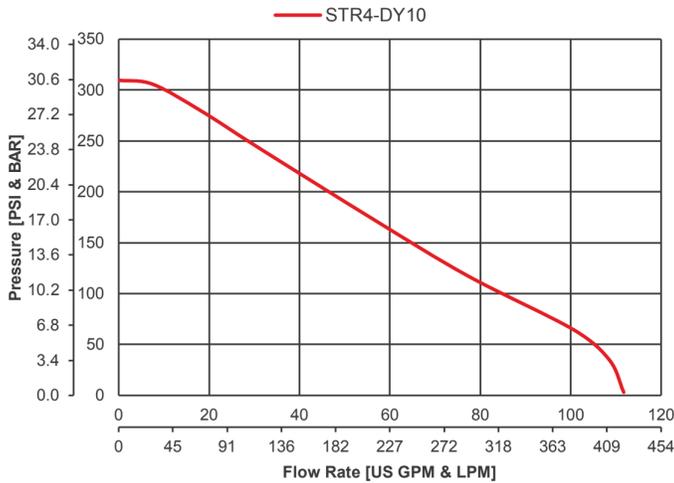

Item no: **100153**

The **STRIKER-4 high-pressure fire pump diesel portable** pairs a dependable YANMAR L100 diesel engine—delivering 9.3 HP — with the innovative, lightweight, and highly efficient MARK-3® 4-stage pump end to provide outstanding performance in demanding field conditions.

Engineered for versatility, the **STR4-DY10PETC** features the signature WATERAX quick-release clamp, enabling rapid pump-end replacement directly in the field.

Fully DCP-compatible in both single and dual control panel setups, it allows engine speed adjustment via a linear throttle actuator.

Compatible with DCP

Flow rate at specified pressure

Maximum pressure: **310 PSI** (21.4 Bar)
 Free flow: **112 US gals/min** (424 L/min)
 Maximum head: **716'** (218 m)
 Weight: **206 lbs** (93.4 kg)

Performance

Flow		Pressure		
US GPM	L/min	@	PSI	Bar
85	322	@	100	6.9
65	246	@	150	10.3
28	106	@	250	17.2

STRIKER-4

HIGH-PRESSURE FIRE PUMP DIESEL PORTABLE

APPLICATIONS

- Attack line firefighting.
- Long hose lay for remote watering during firefighting operations.
- High elevation firefighting in mountainous areas.
- Accuracy in flow trajectory when structure fire fighting.
- Tandem pumping over long distances.
- Parallel pumping for higher volumes.

FEATURES AND BENEFITS

- Quick release clamp and swappable pump ends for minimal equipment downtime and inventory.
- Sealed bearing to eliminate pump end greasing in the field.
- Aluminum alloy volute and suction cover for light weight and greater resistance to corrosion.
- Composite corrosion-resistant pump components.
- Low oil pressure switch included.
- Belt drive system for reliable, low maintenance performance.
- EPA & CARB exhaust emission compliant.
- Application matched and approved by YANMAR.
