

# MARK-3®

## SERIES

### NGK Spark Plug

#### **Overview:**

WATERAX® was informed by Robert Bosch Inc. that the M4AC spark plug with 18 mm threads has been discontinued. A suitable replacement has been tested and approved: NGK AB-8. The change is effective immediately. The part number (800850) and item description (R-629 SPARK PLUG 18 MM) remain unchanged.

#### **Technical specifications:**

The hex size for the NGK AB-8 spark plug is 13/16" (21 mm). The small end of the spark plug tool 800086 is compatible with the NGK spark plug.

The recommended gap remains unchanged: .020"-.024" (0.51-0.61 mm).
