

WLIGHTKIT – Work Light Kit

Overview:

The **WLIGHTKIT** is designed as an option for the **WATERAX** Control Panel (**WCP**). Its function is to provide additional lighting over the pump and apparatus area. The **WLIGHTKIT** provides all the necessary components needed to make a complete work light installation. The Work Light included in this kit is a 27W High Efficiency LED Flood Light. This light floods a wide 130 degree beam pattern, sufficient to illuminate large work areas. The operating switch is typically installed in the Work Light control cut-out provided in the **WCP**. This document outlines the replacement parts and operations of the **WLIGHTKIT**.

Parts Breakdown:

The **WLIGHTKIT** is provided with mounting hardware wiring, and a toggle switch.

ID	ITEM NO	DESCRIPTION	QTY
1	800987	PART-365 WORK LIGHT 27W LED W/HARDWARE	1
2	800914	PART-378 SWITCH TOGGLE DPDT 20A ON-ON	1
3	800941	PART-422 LOCK RING 15/32" FOR TOGGLE SW	1
4	800942	PART-423 LOCK NUT 15/32" FOR TOGGLE SW	1
5	---	HARDWARE SUPPLIED WITH PART-365	1

Installation:

For installation of the toggle switch and internal wiring, please refer to the WCP user instructions (DOCUIWCP).

Locate and drill 1 hole to securely fasten the work light to your vehicle. The work light mounting bolt is a 3/8"-16 X 1-1/4" LG. It is recommended that you place your LED work light away from heat sources to prevent damage and allow proper heat dissipation.

Operation:

To activate the Work Light:

1. Connect power to the WCP.
2. Turn on the **WCP** "POWER" switch.
3. Turn on the **WCP** "Work Light" switch.

Warranty, Service and Support:

Product and service documentation such as tech notes, data sheets, manuals and information on the limited warranty provided on products manufactured by *WATERAX* can be found on our Web site at: www.waterax.com.
